What's fluttering this month

"Notes from Lisa"

Hello Everyone!

Abundant Nursing, Inc. continues to grow and flourish with the season. I just wanted to personally let all of you know that on June 3, 2002 our first commercial will be airing on WGAL-TV8. This is so exciting for all of us. And it definitely would not be possible if it weren't for all your hard work. And dedication to quality nursing standards. I am very grateful, That God has joined our common goal for whatever his purpose may be through all of this.

When I started Abundant Nursing, Inc. my only true goal was to show the power of faith joined with what God would have me do, as a business owner.

I remember working in the facilities talking to other nurses about my dream of opening my own company. I really didn't tell a whole lot of people. It's funny, the majority of people would not be a believer with me. They would say things like "How in the world are you gonna do that?" the repetition of disempowering thoughts and opinions were not that of faith.

The world today is trying to rule their own world. And if you don't have the faith that our Lord and Savior is beside you and you believe you are all alone, it will be impossible, we are all helpless on our own. Without Prayer and asking for direction and willing to let our own belief down, and take up the faith of a Christ Vision, we end up lost in the

wilderness of life.

We have all been born with faith and free will to decide what we have faith in. Do you have faith in "I can" or is your faith in "I can't"? Your own faith will reflect where your choice has been made.

So my message to you is to "Dream Big". I know that a lot of you have heard me say this and thought it may sound childish or immature thinking. But I have found that, giving up my own adult thinking of fear, weakness has brought back my true identity as a child to believe that the scripture is so very true "With Man nothing is possible, With God ALL things are possible " When God and my faith join to say together "I can", all of our dreams come true, it is joining our wills. And remember, Faith is not knowing that God can, it is knowing that he WILL.

So again, thank you all for helping make my dream come true for our resident and staff of Lancaster County.

I want to say a special thanks to Janelle Lechene and Julie Hoffman for dedicating their time to our advertising campaign and appearing in our commercial.

God Bless,

"Bonnie's Corner"

Dear Abundant Nurses,

As the summer season approaches I am reminded of one of the greatest gifts that comes with agency nursing; flexibility. This option is very valuable, especially for those who have children.

Thank God for those nurses who have walked through their fear of working for agency, to walk in faith with Abundant Nursing, Inc.

The other day I had a difficult situation with my son, when he was traumatized by fear when he heard rumors in school about Three Mile Island being bombed by terrorists. I tried as best as I could to comfort him and give him good counsel.

The same advice applies to nurses afraid of agency. "God does not give us a spirit of fear, but a spirit of love and hope and peace." Ask God to replace your fear with courage and faith.

I am grateful for the opportunity to pass along a message of hope to all of you.

Thank you for your dedication, and decision to work for Abundant Nursing.

Love,
Bonnie

Faith not Fear

Let us lift up our eyes together, not in fear but faith. And there will be no fear in us. For in our vision will be no illusions; only a pathway to the open door of Heaven, the home we share in quietness, and where we live in gentleness and peace, as one together.

Life is the first gift, love is the second, and understanding the third.

A Course in Miracles

You to will laugh at your fears and replace them with peace. For fear lies not in reality but in the minds of children who do not understand reality.

It is only their lack of understanding that frightens them and when they learn to perceive truly they are not afraid.

Don't be afraid of making mistakes. That's what erasers on pencils are for. Mistakes are made for correction. We learn important lessons from error. Love yourself enough to try. Be brave. No matter what we're doing or what we're learning. We have to start somewhere.

Healing will flash across your open mind, as peace and truth arise to take the place of war and vain imaginings.

The cure for all the ills and wrongs, the cares, the sorrows, and the crimes of humanity, all lie in the one word "love". It is the divine vitality that everywhere produces and restores life.

- Lydia Maria Child -

The only limit to our realization of tomorrow will be our doubts of today. Let us move forward with strong and active faith.

- Franklin D Roosevelt -

Relationships are assignments. Relationships are the Holy Spirit's laboratories in which He brings together people who have the maximal opportunity for mutual growth.

There is no peace without forgiveness. Attack thoughts toward others are attacks on ourselves.
